

Requirements for green tariff obtaining for biogas PP (with forced gasification of biomass)

| Elements of ukrainian production equipment | Incremental percentage parameter, % |
|--|-------------------------------------|
| Fuel preparation and supply system (non-return conveyors for fuel supply, etc.) | 15 |
| Gasifiers and operation infrastructure | 35 |
| Equipment for filtering or purifying gases | 10 |
| Cogeneration units (modules) / generators with piston engine with spark ignition | 40 |
| In total | 100 |

Fuel supply system

Gasifier – device for biomass gasification

Equipment for filtering or purifying gases – cleaning gases from vaporous and gaseous impurities

Co-generator – equipment for electric and heat power producing by biogas burning
